SUPER JOINT SOLUTION™

SUPER JOINT SOLUTION contains the optimal ingredients to help maintain joint health throughout the body. Each ingredient in this easy to use formula helps provide the building blocks for synovial fluid, cartilage and connective tissue. Horses love the tasty liquid, which is specifically formulated to support back and joint function. Synovial fluid serves as a joint lubricant and maintains joint flexibility and mobility, key factors in developing equine athletes. **SUPER JOINT SOLUTION** is loaded with the right ingredients to help support healthy joints, starts working right away and there is no waste at the bottom of the bucket.
